Back to Basics

- *An Educational Revolution* -

The **Back to Basics Collection** is a combination of *old fashioned efficiency* and *Professional Memory Training* to promote interest and therefore learning.

This collection of 33 textbooks with titles covering Reading, Spelling, Primary Maths, Secondary Maths, Foreign Language Courses, Literacy for Dutch Primary Schools, contains a wealth of invaluable and unique learning aids fine tuned over a period of 50 years.

It's the result of creative simplicity as well as a practical and academic career.

It is available on electronic media (DVD) in the form of eBooks suitable for Australian Schools and Homeschooling.

For more information including a catalogue of titles
and ordering details visit
